you need to be real fucking careful all that
shit you do doesn't come back to drown
your ass. be good for once and share with
the class. you aren't mysterious, you just
want to hoard vital information. one
random sunday this month a rat will sleep
in your pocket.

SCORPIO. Oct 24 – Nov 22

i hate the way i feel in the morning
the way i look, the way i will be looked at
cement bones, cement on the scale
the way that i can recall vaguely how others didn't
look at me the way they do now
there's a kind of hush and whisper, a breath held in
we can all see it, we can probably smell it too
i hate the way the hot sun penetrates the folds,
makes me soft like cheese, makes me leather
i hate how hungry i am not but i still consume, god
i fucking hate that
i hate that the person who fucked me and fucked
me over so well gets to be a person, not i
they get to own land, and piece of mind, be lite,
travel lightly, be air and breezy, she can breathe
right?
i fucking hate my sister, my brother
anyone who stood tall over me and pointed their
fingers down and declared me valueless, heavy,
ugly, other other other
i hate my grandma and aunt for having those same
conversations
she'll be like kique, she's insane like kique, she's
mad, she she she she she

god i fucking hate my aunt
i fucking hate them all
i never killed no damn bird but ill let you sing
for me and i don't even know why
i let you blame me
that's what a fucking loser does
and then i get flashes
her velvet, the red clock, the songs played
on the PlayStation 2, the wax letters, the
phone calls, the spray
it was October and you promised to call
i hate Jorge, Amy, Yastmin, Ana, the bitch
with Cheeto toes even after all these years
with great hate came great love before it
i cried when you listened to paquita but it
wasn't just for you
I hate you knocking on my door like the rent
is due
I hate organized religion when i am reminded
of its existence
I hate being awake, i hate sleeping, i hate
how uncomfortable it is to lay down
i hate to shower because i have to touch the
body you touched, see the flesh you saw, be
reminded of who i am and what was done
i hate memory, i hate being reminded
i hate taking photos of temporary people

A collage featuring a woman in a white dress sitting on a bench, a close-up of a high-heeled shoe, and a manga-style illustration of a character in a red dress.

The image is a complex collage. The top half features a woman with a surprised expression, wearing a white, ruffled dress and a headband, sitting on a wooden bench. Overlaid on this is a large, semi-transparent text box with the title "A SUMMER OF LOVE OR IRRITATION?" in green and red. Below the title, white text reads: "i hate when you borrow my words, my whimsy, my je ne sais quoi you aren't me, have you not heard? why the fuck would you want to be me? i hate me maybe i hate you i hate all of you and i hate my dad too". To the right of the woman is a close-up of a black, high-heeled shoe with a white sole. The bottom section is a manga-style illustration. It includes a character in a white dress, a character in a red dress, and a character in a white dress. There are also various objects like a glass, a bottle, and a small figure. Japanese text is scattered throughout this section, including a large speech bubble at the top right and a smaller one at the bottom right. The overall style is a mix of realistic photography and stylized manga art.

What if we kissed in the Tannhäuser cave.
